

**SATELLITE EVENT OF THE BRAZILIAN SOCIETY OF NEUROSCIENCE  
SOCIEDADE BRASILEIRA DE NEUROCIENCIA E COMPORTAMENTO (SBNEC)**

Universidade Federal de Minas Gerais - Campus Pampulha Belo Horizonte

**Shades of Interdisciplinarity in Neuroscience**

**August from 27 to 29, 2018**

**Part I - Auditório da Reitoria, August 27 from 8:30am to 12pm (Free Entrance)**

**Part II - Auditório 01 FACE, August 27 (from 2:00pm to 18:30 pm), 28 and 29 (Registration)**

**SCHEDULE**

**Part I**

<i>August 27</i>	<i>Auditório da Reitoria</i>
8:30 am	<p><b>Opening Ceremony</b>  <i>Prof. Fábio Alves – Pró-Reitor de Pós-Graduação – UFMG</i>  <i>Profa. Silvia H. Paixão Alencar – Pró-Reitora Adjunto de Pós-Graduação – UFMG</i>  <i>Profa. Cecília Hedin-Pereira – FIOCRUZ-RJ - Presidente da SBNeC (2011-2014)</i></p>
<b>Musical performance</b>	<p><b>Toca de Tatu</b></p>
9:00 am	<p><b>Sinopse</b>  <i>The group Toca de Tatu will play pieces by classical composers of Brazilian music, such as Ernesto Nazareth and Zequinha de Abreu, as well as an own re-reading of Carinhoso by Pixinguinha and Brasileiro, by Waldir Azevedo. The program also includes songs recorded on the two CDs of the group, "My friend Radamés" (2013), all dedicated to maestro and composer Radamés Gnattali, and "Affinity" (2017), dedicated to pieces by contemporary composers from Minas Gerais. The repertoire includes the song Alumiado of the guitarist of Toca de Tatu, Lucas Telles.</i></p> <p><b>Members (alumni from UFMG: Escola de Música):</b>            Abel Borges (percussão), Lucas Ladeia (Cavaquinho), Lucas Telles (violão), Luísa Mitre (piano)</p>

	<p><b>Program:</b></p> <ul style="list-style-type: none"> <li>• <i>Ernesto Nazareth – Escorregando</i></li> <li>• <i>Pixinguinha – Carinhoso</i></li> <li>• <i>Waldir Azevedo - Brasileirinho</i></li> <li>• <i>Lucas Telles – Alumiado</i></li> <li>• <i>Zequinha de Abreu - Tico-tico no Fubá</i></li> <li>• <i>Radamés Gnattali – Gatinhos no Piano</i></li> </ul>
<b>Opening Lectures</b>	<p><b><i>Celebration of the 50th Anniversary of the Biochemistry and Immunology Graduate Program</i></b>  Host: Profa. Leda Q. Vieira – Coordenadora do Programa de Pós-Graduação em Bioquímica e Imunologia – ICB – UFMG  Prof. Jader dos Santos Cruz – Sub-Coordenador do Programa de Pós-Graduação em Bioquímica e Imunologia – ICB – UFMG</p>
9:30 am	<p><b><i>Neuroadaptations in the septohippocampal pathways following alcohol-related brain damage</i></b>  Lisa M. Savage (Binghamton University – U.S.)</p>
10:30 am	<p><b><i>Associative thalamic control of striatal dopamine and reward</i></b>  Brian Mathur (University of Maryland School of Medicine – U.S.)</p>
<b>12:00 pm</b>	<b>Lunch</b>
<b>Part II</b>	
<b>August 27</b>	
<b>Auditório 01 da FACE</b>	
<b>Round Table I</b>	<p><b><i>Synaptic Plasticity in health and disease</i></b>  Coordinator: Cleiton Aguiar (Depto de Fisiologia e Biofísica – ICB – UFMG)</p>
2:00 pm	<p><b><i>Why and how to treat hyperexcitability after traumatic brain injury</i></b>  Fábio Antonio Borges Vigil (University of Texas Health San Antonio –U.S.)</p> <p><b><i>Epilepsy hijacking brain oscillations: a gradual corruption from normal activity</i></b>  Márcio F.D. Moraes ( Depto de Fisiologia e Biofísica – ICB – UFMG)</p> <p><b><i>Tracking the influence of hippocampal inputs on cortical memory traces during post-learning sleep</i></b>  Matheus Guimarães Hofner (MSc student in Bioquímica e Imunologia – UFMG)</p> <p><b><i>Hippocampal-prefrontal synaptic plasticity and oscillatory patterns in physiological and pathological conditions</i></b>  Cleiton Aguiar (Depto de Fisiologia e Biofísica – ICB – UFMG)</p>
<b>Round Table II</b>	<p><b><i>Cannabinoids and Neuropsychiatric disease</i></b>  Coordinator: Fabrício A. Moreira (Depto de Farmacologia – ICB – UFMG)</p>
4:30 pm	<p><b><i>Cellular determinants in a chronic stress depression model and a possible therapeutic role for cannabinoids.</i></b>  Cecília Hedin-Pereira (FioCruz-RJ and UFRJ)</p>

	<p><b><i>Cannabinoid receptor gene polymorphisms and cognitive performance in patients with schizophrenia</i></b> João Vinicius Salgado (Depto de Morfologia – UFMG)</p> <p><b><i>Dopamine and cannabinoids in the biology of bipolar disorder</i></b> Juliana Bastos (Ph.D. student in Neurociências – UFMG)</p> <p><b><i>Inhibiting cocaine effects through modulation of the endocannabinoid system</i></b> Fabrício A. Moreira (Depto de Farmacologia – UFMG)</p>
<b>August 28</b>	<b>Auditório 01 da FACE</b>
<b>Lecture</b> 8:00 am	<b><i>Symbolic behavior and aesthetic responding</i></b> <b>Júlio César de Rose</b> (INCT-ECCE e Psicologia – UFSCar)
<b>Round Table III</b>	<b><i>Symbolic behavior and memory</i></b> Coordinator: Renato Bortoloti (Depto de Psicologia – UFMG)
9:00 am	<p><b><i>Equivalence relations and N400 component: An experimental model of symbolic behavior evaluated through ERPs</i></b> Edson M. Huziwara (Depto de Psicologia – UFMG)</p> <p><b><i>Effects of contextual cueing on episodic memory judgments</i></b> Antonio Jaeger (Depto de Psicologia – UFMG)</p> <p><b><i>Implicit Preference Measures for Mobile Apps and the Influence on Visual Search</i></b> Joana Andrade Ramalho Pinto (MSc student in Neuroscience – UFMG)</p> <p><b><i>Emotional faces in symbolic relations: A happy superiority effect involving the equivalence paradigm</i></b> Renato Bortoloti (Depto de Psicologia – UFMG)</p>
<b>Lecture</b> 11:30 am	<b><i>Neuroimaging in Schizophrenia from MRI to PET</i></b> <b>Raffael Massuda</b> (Medicine and Health Sciences – UFPR)
<b>12:30 pm</b>	<b>Lunch</b>
<b>Round Table IV</b>	<b><i>Social cognition and neuropsychiatric conditions</i></b> Coordinator: Isabela Barbosa (Depto de Saúde Mental – UFMG)
2:00 pm	<p><b><i>Social cognition in Neurodegenerative diseases</i></b> Leonardo Cruz de Souza (Depto de Clínica Médica – UFMG)</p> <p><b><i>Social Cognition in Schizophrenia</i></b> Breno Fiuza (Hospital das Clinicas – UFMG)</p> <p><b><i>Cognitive aspects in late life depression and correlation with Alzheimer's disease</i></b> Giovana Carvalho Mol (MSc student in Neurosciences – UFMG)</p> <p><b><i>Social cognition in Bipolar Disorder</i></b> Isabela Barbosa (Depto de Saúde Mental – UFMG)</p>

<b>Round Table V</b>	<b><i>Tricks for treating neurological disorders</i></b> Coordinator: Juliana Carvalho Tavares (Depto de Fisiologia e Biofísica – UFMG)
4:30 pm	<b><i>Gene therapy approaches for glaucomatous neurodegeneration.</i></b> Vinícius Ribas (Depto de Morfologia – UFMG) <b><i>Hematopoietic stem cell transplant for multiple sclerosis</i></b> Maria Carolina de Oliveira Rodrigues (Depto de Clínica Médica – USP-RP) <b><i>Neuroprotection and immunomodulation following axotomy of Spinal motoneurons</i></b> Alexandre Leite Rodrigues de Oliveira (Depto de Anatomia – UNICAMP) <b><i>Why to treat experimental autoimmune encephalomyelitis (EAE) with DMF-solid lipid nanoparticles?</i></b> Juliana Carvalho Tavares (Depto de Fisiologia e Biofísica – UFMG)
<b>August 29</b>	<b>Auditório 01 da FACE</b>
<b>Round Table VI</b>	<b><i>Neuroplastic and immunological effects of physical exercise</i></b> Coordinator: Paula L. Scalzo (Depto de Morfologia – UFMG)
8:00 am	<b><i>Physical exercise and neuroplasticity</i></b> Guilherme Menezes Lage (Depto de Ed. Física – UFMG) <b><i>Physical exercise, immunological system and inflammation</i></b> Albená Nunes da Silva (Centro Desportivo CED – UFOP) <b><i>Neuroinflammation</i></b> Aline Silva de Miranda (Depto de Morfologia – UFMG) <b><i>Physical exercise and neurotrophic factors</i></b> Paula Luciana Scalzo (Depto de Morfologia – UFMG)
<b>Round Table VII</b>	<b><i>Science for education: how neuroscience can impact the classroom?</i></b> Coordinator: Grace Schenatto Pereira Moraes (Depto de Fisiologia e Biofísica – UFMG)
10:30 am	<b><i>Mathematical Cognition</i></b> Julia Bahnmüller (Tübingen University – Alemanha) <b><i>Neuroeducation: Is it possible to have an evidence-based education?</i></b> Vitor Haase (Depto de Psicologia – UFMG) <b><i>Empathy in the classroom: targeting the teacher.</i></b> Thaynara Cristina Ildefonso Peixoto (MSc student in Neurosciences - UFMG) <b><i>Interdisciplinarity in favor of learning: results of a study carried out at Centro Pedagógico da UFMG.</i></b> Grace Schenatto Pereira Moraes (Depto de Fisiologia e Biofísica - UFMG)
<b>12:30 pm</b>	<b>Lunch</b>
<b>Panel</b>	<b><i>Integration between bioengineering and neuroscience: Challenges of interdisciplinary graduate programs</i></b>
2:00 pm	<b><i>Moderador:</i></b> Márcio F.D. Moraes (Depto de Fisiologia e Biofísica – UFMG) Eduardo Mazoni A. M. Mendes (Depto de Engenharia Eletrônica – UFMG) Estevam B. de Las Casas (Depto de Engenharia Mecânica – UFMG)

<b>Round Table VIII</b>	<b>Glutamatergic receptors and neurodegenerative processes</b> Coordinator: Christopher Kushmerick (Fisiologia - UFMG)
3:30 pm	<b>Role of mGluR5 in Huntington's disease neuroinflammation</b> Fabiola Mara Ribeiro (Depto de Bioquímica e Imunologia - UFMG)  <b>Targeting mGluR5 for the treatment of neurodegenerative disease</b> Stephen S. G. Ferguson (Canada Center Research - Univ. of Ottawa)  <b>The mGluR5 positive allosteric modulator VU0409551 improves synaptic plasticity and memory of a mouse model of Huntington's disease</b> Isabella Guimarães Olmo (Ph.D. student in Neuroscience - UFMG)  <b>Ionotropic actions of metabotropic glutamate receptors</b> Christopher Kushmerick (Depto de Fisiologia e Biofísica - UFMG)
<b>Closing lecture conference</b>  5:30 pm	<b>Elucidation of signaling pathways in the nervous system critical to health and disease: from the single-molecule to the cell to in vivo behavior</b>  <b>Mark S. Shapiro</b> (University of Texas Health San Antonio – U.S.)

### Organizing Committee

Angela Maria Ribeiro – Depto de Bioquímica e Imunologia – ICB – UFMG  
 Camila M. C. Montovani – Depto de Comunicação Social – FaFICH – UFMG  
 Cecília Hedin-Pereira – President of the SBNeC (2011-2014) – FIOCRUZ – RJ  
 Carlos Magno M. Dias – Ph.D. student - PPG em Neurociências – UFMG  
 Christopher Kushmerick – Depto de Fisiologia e Biofísica – ICB – UFMG  
 Cristiano Simões – Ph.D. student - PPG em Neurociências – UFMG  
 Joana Andrade Ramalho Pinto – M.Sc. student - PPG em Neurociências – UFMG  
 Juliana Carvalho Tavares – Depto de Fisiologia e Biofísica – ICB – UFMG  
 Mariana Elena Jacobsen – Ph.D. student - PPG em Bioquímica e Imunologia – UFMG

### Support committee:

Admilson Lemos da Costa Filho – MSc student - PPG em Neurociências – UFMG  
 Alan Caeiro – Undergraduate student - Course of Medicine – UFMG  
 Anna Luiza Diniz Lima – MSc student - PPG em Neurociências – UFMG  
 Briana H. Machado Tarabai – Undergraduate student - Course of Medicine – UFMG  
 Carlos E. de Menezes e Souza Filho – Undergraduate student - Course of Medicine – UFMG  
 Daniel Cavalcante Nunes – MSc student - PPG em Neurociências – UFMG  
 Flávio Moreira – MSc, PPG em Neurociências – UFMG  
 Grace Ane Morgana de Queiroz – Ph.D. student - PPG em Neurociências – UFMG  
 Iasmin Rabelo de Queiroz – MSc student - PPG em Neurociências – UFMG  
 Ivonne Carolina Bolaños – MSc student - PPG em Neurociências – UFMG  
 José Claudio Rodrigues da Silva – MSc student - PPG Cognição e Comportamento – UFMG  
 Júlia Cheik Andrade – MSc student - PPG em Neurociências – UFMG  
 Marina da Silva Oliveira – Undergraduate student - Course of Biomedicine – UFMG  
 Margarete Schmidt – Ph.D. student - PPG em Neurociências – UFMG  
 Thaís Bueno Dias Albuquerque – MSc student - PPG em Neurociências – UFMG

**Scientific Committee**

*Angela Maria Ribeiro (Depto. de Bioquímica e Imunologia - UFMG)*

*Christopher Kushmerick (Depto de Fisiologia - UFMG)*

*Cleiton Aguiar (Depto de Fisiologia - UFMG)*

*Fabício Moreira (Depto de Farmacologia - UFMG)*

*Grace S. Pereira Moraes (Depto de Fisiologia e Biofísica - UFMG)*

*Izabela Barbosa (Depto de Saúde Mental – UFMG)*

*Jader S. Cruz (Depto. de Bioquímica e Imunologia - UFMG)*

*Juliana Carvalho Tavares (Depto de Fisiologia e Biofísica - UFMG)*

*Paula L. Scalzo (Depto de Morfologia - UFMG)*

*Renato Bortoloti (Depto de Psicologia - UFMG)*

**Financial Support**

*Instituto de Estudos Avançados Transdisciplinares – IEAT – UFMG*

*Pró-Reitoria de Pós-Graduação – PRPG – UFMG*

*Programa de PG da Bioquímica e Imunologia – ICB – UFMG*

*Programa de PG em Fisiologia e Farmacologia – ICB – UFMG*

*Programa de PG em Neurociências – UFMG*

*Sociedade Brasileira de Neurociências e Comportamento – SBNEC*
